

Our Marketplace Teams Can Help You

FGBMFA Marketplace Teams demonstrate how government and military leaders can improve morale and productivity by simply enhancing communication with supervisors and personnel through relevant business examples. We are not selling anything, in fact, without cost to you, we offer tools that can help your agency thrive and become more successful. Topics address improving individual/family relations, work ethics, theft, tardiness, absenteeism, submitting to authority, attitude and helping workers to achieve personal excellence. As businessmen, we have assisted government leaders and agencies for over 60 years. By invitation we have had the privilege to speak with presidents of nations, members of congress, judges, ambassadors, kings, generals and other military personnel.

We are an interdenominational Christian businessmen's organization dedicated to reaching men with news that could be a game changer. It is not about religion; it is a sincere and practical approach to helping people improve their lives. Improved lives make for a better work environment.

Our mission is based on a vision that was given to a businessman- a dairy farmer. In that vision, he saw hundreds of despondent men who felt they had no chance of making it in the world. Then they heard a message of hope and they came alive! Their heads held high; they were transformed into productive men with dignity and purpose. We like to share the details of this incredible story.

We will be in Grapevine, Texas, April 18-21, 2015 and welcome the opportunity to personally meet with you for 20 minutes. We really want to hear from you so a convenient day and time can be set to talk about how you could possibly make a difference in your own place of work.

Thank you for your consideration.

Sincerely,

Douglas Raine, Vice President
