

No one else could help me, except the God who created me - our Father in Heaven. I called upon the name on Jesus and rededicated my life to Jesus again. I said, "I'll do anything you want me to do. God just don't let me die here." Almost instantly, I heard the voice of God reply, "I want you to go into the ministry your father did, and finish what he started." Victory Life Ministries was the name of the place.

I went there for two years before my father passed away. He was on crack my whole life. I went into this ministry and began seeking God like never before. God completely healed my body and mind from the damage the drugs had done. About a month in the program I was on my knees crying out to God, and forgiving everyone that ever hurt me or my family. I had asked God for the baptism of the Holy Spirit. Suddenly as I was praying, I felt something indescribable come over me. It seemed like the whole room was shaking, and it felt like heaven was shaking along with it. I started speaking in tongues. The Holy Spirit of God had over taken me. Within the next two days, I started preaching the Gospel on the streets. God started using me to reach one person or multitudes of people. I had become a radical warrior for Jesus Christ. I have been blessed even in the midst of tribulations and persecution. My God has been faithful. He has never left me and He has always kept me.

{POSITIVE EXPERIENCE} - Now that I have surrendered to Jesus. My life has been extremely blessed. God has placed me as the worship leader and the assistant pastor for New Life Greenville. I am currently on a professionally produced mixtape for meekness productions called "Throne Room Music." I am rapping on the last verse on song number 12. I am on the album with my friend Stephen Crowe. On top of all that I have a great job at a factory called Graham Packaging. I have made some new friends. My mentors are Tommy Bates, Kevin Wallace, and my one on one personal mentor is Pastor Joshua Knight, who is also a spiritual father to me. Following him is Mrs. Cindy Knight who is a spiritual mother. We have seen many souls saved in our ministry. Within the last year about 500 souls have been saved at New Life Greenville. God is doing big things here in Greenville, Texas. I personally am all about reaching souls on the street for Jesus Christ. I often preach on the street and witness here locally in Greenville and several other cities.

I am currently engaged to Chelsea Smith of Greenville, Texas. She is a lovely gift from God. She is a strong Christian woman who also believes in preaching the Gospel of Jesus Christ. I have been beyond blessed physically and spiritually. Chelsea and I are getting married November 14, 2015, at New Life Greenville. I am super excited about how God is going to use us.

There are some spiritual gifts that God has given me; such as, speaking in tongues, (heavenly language), interpretation of tongues, the gift of exhortation (prophecy), and healing. When I lay my hands on people, they often receive the baptism and infilling of the Holy Spirit.

I have been appointed and anointed as a teacher, evangelist, preacher, and prophet by God by the church. My life seems more and more intimate with God as time goes by. I have a heart for the lost and the broken. I have a passion to help orphans who have been abused. My main goal in life is to help others through ministry. Most importantly is to partner with my wife to reach souls for the kingdom of God. Through turning my life over to God completely, I have gained many more brothers and sisters. Even my biological family is turning to God. Many have been saved, baptized and filled with the Holy Spirit as evidenced by speaking in new tongues. For this I give God the entire honor and the praise.
