

sanctify a bad or failing marriage, and heal it for example.

I know a man that was struggling with his priorities early in life. He was involved in sex, drugs, rock 'n roll, and was headed straight for hell with two failed marriages. While in a second marriage, his wife tried killing him three times. Their children were a mess. They had no spiritual leadership in the home and no relationship with God.

He finally got saved in his late 20s. His biological father led him to the Lord.

He married a wonderful woman who is a prayer warrior, and they decided to raise their two children in a Christ centered home. God blessed that commitment. The last two children have been committed to the Lord. They are involved in Pastoral ministry and Christian counseling.

You see the man that screwed up lives, his own, and his two families early in life. God never gave up on ME.

But God through His grace answered our prayers and touched my heart.

Our children benefited from my wife's and my obedience through prayer and commitment to the Lord. God is always faithful in spite of us. We had an effect in our most important Oikos/environment – our family.

We are to make Christ known to the world. Men make no mistake; the most important environment is your family. They are looking to you as a visible example of Christ and a spiritual leader.

As Christians, we all need to grow thicker skins and softer hearts. And God's promise is to never leave you nor forsake you. If you make Him the center of your life, you will experience a power that will be beyond what you could ever imagine.

I challenge you to be BOLD. Pray at business meetings when you don't know their faith.

Be WARRIORS for Christ in love because He's Always spoke well of you!

Be COURAGEOUS "He hung naked on the cross for you and me," the least you can do is mention His name.

God Bless You
