Atheist Scientist Becomes Christian after Researching Evidence for God

https://www.youtube.com/watch?v=dsbj7EN1Uzs&index=2&list=PL0zpu2toenabuNUBeBxQmmjr8JGuXVEs

The Bible answers scientific questions with 100% accuracy.

Biblical Interpretation Method
1. Identify frame of reference
2. Determine initial conditions
3. Note what occurs when, where, and what order.
4. Note final conditions
5. God creates difference to space and time.

Creation
Moses records 13 creation events and all are in order. "In the beginning" God created, i.e., called into being, all things out of nothing. This creative act on the part of God was absolutely free, and for infinitely wise reasons. The cause of all things exists only in the will of God.

I would like to give examples of my findings:
1. Probability of death by reversal of the second law of thermodynamics = \(10^{-80}\). Thus the Bible is at least \(10^{200}\) times more reliable than the second thermodynamics law.
2. Bible makes over 200 accurate predictions of future scientific discoveries. Probability of fulfillment without divine inspiration < \(10^{-300}\).
3. Faint Sun Paradox - a. Sun first dims by 15%; b. Sun then brightens by 15%; c. Earth now spins 5 times slower. d. Radioactivity decay is now 5 times weaker.
4. Psalm 104 Clarification - a. Life dies off, but God re-creates; b. God replaces life forms that go extinct with new life forms better adapted to the changing earth and sun.
5. Genesis 1 Resolution - a. For six days God creates. On the seventh day He rests; b. Today, God ceases from His Work of creating new life forms.
6. Fossil Record Enigma - a. before humans: extensive extinction and speciation b. after humans: extensive extinction; no significant speciation

The work of creation is attributed;

(1) to the Godhead ( Genesis 1:1 Genesis 1:26 )
(2) to the Father ( 1 Corinthians 8:6 )
(3) to the Son ( John 1:3 ; Colossians 1:16 Colossians 1:17 )
(4) to the Holy Spirit ( Genesis 1:2 ; Job 26:13 ; Psalms 104:30 )

The fact that He is the Creator distinguishes:
- Jehovah as the true God (Isaiah 37:16; Isaiah 40:12; Isaiah 40:13; 54:5; Psalms 96:5; Jeremiah 10:11; Jeremiah 10:12).
- The one great end in the work of creation is the manifestation of the glory of the Creator (Colossians 1:16; Revelation 4:11; Romans 11:36).
- God's works, equally with God's word, are a revelation from him; and between the teachings of the one and those of the other, when rightly understood, there can be no contradiction.
