I began spending more and more time sharing the evidence with others. Within a year I was serving full-time as the minister of evangelism for Sierra Madre Congregational Church. Ten years later, when breakthrough discoveries in the sciences virtually sealed the scientific case for the God of the Bible, a group of friends urged me to form an organization, Reasons To Believe, to communicate this new evidence as widely as possible. It is my delight to report that for each year that I have known Jesus as my Lord and Savior, my joy in Him grows greater, as I share His truth with others. There is nothing in this world for which I would trade my relationship with Him. 

Atheist Scientist Becomes Christian after Researching Evidence for God

OUTLINE TO HYPERLINK:
The Bible answers scientific questions with 100% accuracy.

Biblical Interpretation Method
1. Identify frame of reference
2. Determine initial conditions
3. Note what occurs when, where, and what order.
4. Note final conditions
5. God creates difference to space and time.

Creation
Moses records thirteen creation events and all are in order. "In the beginning" God created, i.e., called into being, all things out of nothing. This creative act on the part of God was absolutely free, and for infinitely wise reasons. The cause of all things exists only in the will of God.

The work of creation is attributed;
(1) to the Godhead (Genesis 1:1 Genesis 1:26);
(2) to the Father (1 Corinthians 8:6);
(3) to the Son (John 1:3; Colossians 1:16 Colossians 1:17);
(4) to the Holy Spirit (Genesis 1:2; Job 26:13; Psalms 104:30).

The fact that He is the Creator distinguishes:
• Jehovah as the true God (Isaiah 37:16; Isaiah 40:12 Isaiah 40:13; 54:5; Psalms 96:5; Jeremiah 10:11, Jeremiah 10:12).
• The one great end in the work of creation is the manifestation of the glory of the Creator (Colossians 1:16; Revelation 4:11; Romans 11:36).
• God's works, equally with God's word, are a revelation from him; and between the teachings of the one and those of the other, when rightly understood, there can be no contradiction.
